

Roger Egnor Retires After 43 Years

Roger Egnor pictured at the Great Wall during the 2006 China CEO Trip

Forty-three years ago, Roger Egnor rode his bike from business to business looking for a job that would enable him to move his family to Cincinnati from West Virginia. Out of money and out of time, he went into one last business, Long-Stanton Mfg. It was the last day he would be out of work for 43 years.

It was also the day that Long-Stanton hired one of the most dependable and dedicated individuals in its 145-year history. There has never been a job that Roger wouldn't take on. He has swept floors, operated machines, set-up plants, served as General Manager and as Manager of Special Accounts and Projects.

Roger, his wife, Margaret, and their family plan to take it easy for awhile and dedicate themselves to working with their church.

Thank you, Roger ... from all of us!

China Delegation Tours Long-Stanton

Twenty-two Members Visit our West Chester Township Facility

On May 14, 2007, the Cincinnati USA Partnership greeted over 70 delegates of the China Business Delegation. After a "welcome" breakfast, the delegation split up into three groups to tour selected manufacturing facilities. Long-Stanton was chosen as one of the three to be visited. The other two were Crown Plastics and Standard Textile.

Twenty-two members of the Chinese Delegation arrived by charter bus. Members of the L/S management team gave a tour of the facility and showed our capabilities.

We want to extend our thanks to Interpreter, Ellen Lin of Clark, Schaeffer & Hackett, who did an excellent job and kept everyone involved throughout their visit.
